Rosetta Stone

Hello, everyone! Are you enjoying your summer vacation? Well, while you're dozing at the beach, we here at Artnet Labs are hard at work, searching out all the not-to-be-missed art events for next month. Labor Day is Monday, Sept. 6, 2010, and the global art world gets going in earnest soon after.

Herewith, a line-up of recommendations from Artnet Magazine's far-flung correspondents.

Elisabeth Kley: "Yul," opening Sept. 11 at Lehman Maupin on Chrystie Street, featuring 70 photographs taken by Yul Brynner, and celebrating a new four-volume book of his little-known work with the camera. Plus, Rob Pruitt's double gallery show at Gavin Brown's enterprise and Maccarone, Henry Darger at Andrew Edlin Gallery, Deborah Kass at Paul Kasmin Gallery and Pipilotti Rist at Luhring Augustine.
